Directors' Report

The directors present their report and accounts for the year ended 30 April 2022.

Principal activities

The company is an "Authorised Payment Institution" authorised and regulated by the Financial Conduct Authority under the Payment Services Directive 2(PSD2) of 2017 (Ref No 519669) and is engaged in financial services business including payments, money transfer and money changing.

Business review

Operations of the Company:

During the year under review, the company's operating results were affected adversely on account of Covid 19 pandemic related lockdowns and resultant lack of business. Continued uncertainty in relation to immigration in general and for Indian students also affected the company's overall revenue. The company's plan to expand branch network, implementing online remittance and appointment of agents also could not be taken up in view of the continued uncertainties. The company's authorization from Indian regulator was also renewed until 31 March 2022. The company expects to roll out the payments under the MTSS scheme of RBI during the current year. However Covid19 related impact will continue to affect the company's operations in the current year too.

Future developments

Continued impact of Covid 19 pandemic, slow down of Indian students coming into the UK, many Europeans having returned to their home countries and current economic downturn worldwide together with increased online competition within the sector, the company faces challenges for the future. The director and the shareholders remain realistic of the challenges which lay ahead. However, with availability of strong liquidity, the director and the shareholders are continually looking for various ways of improving the trading performance in the future including consolidation prospects within the sector.

Position of MTSS operation

The company has received an approval from Indian regulators, Reserve Bank of India for direct pay out to beneficiaries in India under MTSS scheme under the Indian Payment & Settlement System Act of 2007. The company is privileged to be the ninth entity to have the approval along with other names which are mainly MNC service providers. The company already appointed 5 leading players in India as its agents and technological integration has been delayed due to pandemic related impact in India also. The Company hopes to launch the service on a full-fledged basis soon.

The company has faced some bottlenecks in activating pay-out locations in India as approved by Reserve Bank of India as the existing software vendors were not able to facilitate API as expected. The new application program acquired from Control Box is undergoing customisation. Besides the company has also acquired a software package from Intellix Technologies UAE to facilitate online and mobile based origination. Both these systems are expected to be operational during the current year.

Risk and Uncertainties

The principal risks and uncertainties facing the company relate to the overall economic scenario affecting businesses in general and also on account of the currency fluctuation risk. The company had sufficient resources to manage its current level of operations and also to support expansion and anticipated growth. The company's currency exposure risk is transactional as a result of day to day customer transactions envisaging pay out in a different currency. The company has been successfully managing the risk through its dealing currency dealing operations on an ongoing basis.

Results and dividend

The company does not propose any dividend for the year.

Directors' Report

Directors

The following persons served as directors during the year:

Dr V S Gopalan

Mr S H Kollara

Directors' responsibilities

The directors are responsible for preparing the report and accounts in accordance with applicable law and regulations.

Company law requires the directors to prepare accounts for each financial year. Under that law the directors have elected to prepare the accounts in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure of information to auditor

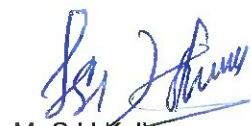

Each person who was a director at the time this report was approved confirms that:

- so far as he is aware, there is no relevant audit information of which the company's auditor is unaware; and
- he has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Small companies regime

This report has been prepared in accordance with the provisions in Part 15 of the Companies Act 2006 applicable to companies subject to the small companies regime.

This report was approved by the board on 07/07/2022 and signed on its behalf.

Mr S H Kollara
Director

FAST ENCASH MONEY TRANSFER SERVICES LIMITED
Independent auditor's report
to the members of FAST ENCASH MONEY TRANSFER SERVICES LIMITED

Opinion

We have audited the accounts of FAST ENCASH MONEY TRANSFER SERVICES LIMITED for the year ended 30 April 2022 which comprise the Profit and Loss Account, the Balance Sheet, the Statement of Changes in Equity and notes to the accounts, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the accounts:

- give a true and fair view of the state of the company's affairs as at 30 April 2022 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the accounts section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the accounts in the UK, including the FRC's Ethical Standard, and the provisions available for small entities, in the circumstances set out below, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the entity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In our evaluation of the directors' conclusions, we considered the risks associated with the company's business model, including effects arising from macro-economic uncertainties such as Covid-19 and Brexit, and considered how those risks might affect the company's financial resources or ability to continue operations over the period of at least twelve months from the date when the financial statements are authorised for issue.

In addition to macro economic pressures, we have also noticed that there are operational difficulties due to incurring losses, doubt on recoverability of the debts and lack of staff to run the operations

In accordance with the above, we have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the company will continue in operation.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

FAST ENCASH MONEY TRANSFER SERVICES LIMITED
Independent auditor's report
to the members of FAST ENCASH MONEY TRANSFER SERVICES LIMITED

Other information

The other information comprises the information included in the report and accounts, other than the accounts and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the accounts does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the accounts, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the accounts or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the directors' report for the financial year for which the accounts are prepared is consistent with the accounts; and
- the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the accounts are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the accounts in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the directors' report and from the requirement to prepare a strategic report.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the accounts and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of accounts that are free from material misstatement, whether due to fraud or error.

In preparing the accounts, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

FAST ENCASH MONEY TRANSFER SERVICES LIMITED

Independent auditor's report

to the members of FAST ENCASH MONEY TRANSFER SERVICES LIMITED

Auditor's responsibilities for the audit of the accounts

Our objectives are to obtain reasonable assurance about whether the accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these accounts.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

The following laws and regulations were identified as being of significance to the entity:

- Those laws and regulations considered to have a direct effect on the financial statements include UK financial reporting standards, FCA regulations, Company Law, Tax and Pensions legislation, Money Laundering legislation, and Data Protection legislation.
- It is considered that non-compliance of FCA Capital Adequacy requirements, Money Laundering and Data Protection legislations may be fundamental to the operating aspects of the business

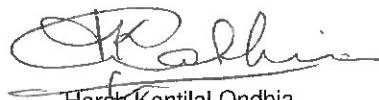

Audit procedures undertaken in response to the potential risks relating to irregularities (which include fraud and non-compliance with laws and regulations) comprised of: inquiries of management and those charged with governance as to whether the entity complies with such laws and regulations; enquiries with the same concerning any actual or potential litigation or claims; review of board minutes; testing the appropriateness of entries in the nominal ledger, including journal entries; reviewing transactions around the end of the reporting period; and the performance of analytical procedures to identify unexpected movements in account balances which may be indicative of fraud.

No instances of material non-compliance were identified. However, the likelihood of detecting irregularities, including fraud, is limited by the inherent difficulty in detecting irregularities, the effectiveness of the entity's controls, and the nature, timing and extent of the audit procedures performed. Irregularities that result from fraud might be inherently more difficult to detect than irregularities that result from error. As explained above, there is an unavoidable risk that material misstatements may not be detected, even though the audit has been planned and performed in accordance with ISAs (UK).

A further description of our responsibilities for the audit of the accounts is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of this report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

FAST ENCASH MONEY TRANSFER SERVICES LIMITED

Notes to the Accounts

for the year ended 30 April 2022

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

2 ***Going concern***

As set out in directors report, the directors believe that with the authorization under PSD2 and MTSS and also with the expanding agents network, the company is well placed to achieve increased sales and profitability in the next 12 Months.

Though the company's operations were impacted by Covid 19, the company has been able to restore and maintain its services with limited disruption. The company is confident of overcoming the difficult times with the continued support of its customers and other stakeholders.

Accordingly, they have a reasonable expectation that the company has resources to continue in operational existence for the foreseeable future. The directors and shareholders have assured their continued support thus the going concern basis of accounting is continued to be adopted in preparing the financial statements.

Turnover

Turnover is the amount derived from ordinary activities, and is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the rendering of services. Turnover from provision of services is recognised when the amount of revenue can be measured reliably, it is probable that the economic benefit from the transaction will flow to the company and stage of completion of the services can be measured reliably at the balance sheet date.

Tangible fixed assets and depreciation

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Improvements to Land & Building	Over 5 years on a straight line basis
Plant and machinery	20% reducing balance method

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

FAST ENCASH MONEY TRANSFER SERVICES LIMITED

Notes to the Accounts

for the year ended 30 April 2022

Taxation

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Foreign currency translation

Transactions in foreign currencies are initially recognised at the rate of exchange ruling at the date of the transaction. At the end of each reporting period foreign currency monetary items are translated at the closing rate of exchange. Non-monetary items that are measured at historical cost are translated at the rate ruling at the date of the transaction. All differences are charged to profit or loss.

3 Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in assets of the company after deducting all of its liabilities.

Cash and cash equivalents are classified as basic financial instruments and comprise cash in hand and at bank, which are an integral part of the company's cash management.

Operating Lease

Rentals under operating lease are charged to the Profit and Loss Account on a straight line basis over the lease term

4 Audit information
